**Gallagher Koster Innovative Practices in College Health Fund** - This award will provide a cash award to help fund the development of creative solutions to access issues specifically related to (1) understanding students' health care needs and perspectives; (2) assessing students' knowledge of available health services and their appropriate utilization; (3) strengthening methods of health care delivery, including the development of community and public health strategies that reach out to populations at risk; (4) strengthening the use of technology to integrate health service delivery with an educational system focused on appropriate utilization of health services and improved health status; and (5) creating innovative strategies that support student's financial access to needed health care services. **Application Due Date: February 3, 2017.** [http://www.acha.org/ACHA/Foundation/Gallagher\\_Koster\\_Award.aspx](http://www.acha.org/ACHA/Foundation/Gallagher_Koster_Award.aspx)

**PhRMA Foundation Health Outcomes Post Doctoral Fellowships** - The aims of the Post Doctoral Fellowships are (1) to provide stipend support for individuals engaged in a research training program that will extend their credentials in health outcomes; and (2) to support the post doctoral career development of individuals prepared to engage in research that will strengthen representation of health outcomes in schools of pharmacy, medicine, nursing, and public health. **Application Due Date: February 1, 2017.** <http://www.phrmafoundation.org/2017-awards/pre-doctoral-fellowship-awards/health-outcomes/>

**Academy for Eating Disorders Student Research Grants** - The purpose of the AED Student Research Grant Program is to support innovative and cutting-edge research conducted by student members of the AED. In 2017, the AED will award up to two grants of \$1,000 each to support any aspect of a student research project, including (but not limited to) participant payments, support staff salaries, and costs related to study assessments and/or database management. However, funds may not be used for travel or salary/stipend support for the awardee. Applicants must be AED student members, or a membership application must be submitted with the grant application. AED student members must be full-time students in a degree program, or physicians-in-training with interest or involvement in the field of eating

and related disorders. **Application Due Date: November 15, 2016.**

**International Research and Exchange Board (IREX) Community Solutions Program (CSP)** - This is a professional development program for the best and brightest global community leaders working in transparency and accountability, tolerance and conflict resolution, environmental issues, and women and gender issues. Leaders participate in a four month US fellowship with a local nonprofit organization or government agency, structured virtual learning and networking via the Online Community Leadership Institute, and the design and implementation of follow-on projects in their home countries. **Application**

**Due Date: November 18, 2016.** <https://www.irex.org/program/community-solutions-program-application-information>

**DHHS OPRE Behavioral Interventions Scholars** - The Administration for Children and Families (ACF), Office of Planning, Research, and Evaluation (OPRE) anticipates soliciting applications for Behavioral Interventions Scholars grants to support dissertation research by advanced graduate students who are using behavioral science approaches to examine specific research questions of relevance to social service programs and policies. These grants are meant to build capacity in the research field to apply a behavioral lens to issues facing poor and vulnerable families in the United States, and to foster mentoring relationships between faculty members and high-quality doctoral students. Applicants will be required to demonstrate the applicability of their research to practice or policy serving low-income children, adults, and families, especially those that seek to improve their well-being. Specific topics of interest may be delineated in the full funding opportunity announcement. **Application Due Date:**

**Estimated Due Date is March 31, 2017.** <http://www.grants.gov/web/grants/view-opportunity.html?oppld=284799>
