Student Research Opportunities and Fellowships

ASSE Professional Education Grants - This Grant Program provides funding to help safety professionals expand their knowledge and advance their education. These grants help participants in the profession move toward great success. Grants are made available to help working professionals pursuing advanced education through seminars, educational conferences, certification courses or college coursework. Generally, grants are intended for OS&H professionals continuing their education via seminars, conferences, certification, etc. Students may be eligible for a grant if they are enrolled part-time and currently working in an OS&H or related field. **Application Due Date: December 1, 2016.**

NSF SBE Postdoctoral Research Fellowships (SPRF) - The Directorate for Social, Behavioral and Economic Sciences (SBE) offers Postdoctoral Research Fellowships to encourage independence early in the Fellow's career through supporting his or her research and training goals. The research and training plan of each fellowship must address important scientific questions within the scope of the SBE Directorate and the specific guidelines in the fellowship solicitation. The SPRF program offers two tracks: (I) Fundamental Research in the SBE Sciences (SPRF-FR) and (II) Broadening Participation in the SBE Sciences (SPRF-BP). See the full text of the solicitation for a detailed description of these tracks. **Application Due Date(s): November 14, 2016 and October 9, 2017.**
