### **Student Research Opportunities and Fellowships**

**P.E.O. Scholars Awards** - P.E.O. Scholar Awards are one-time, competitive, merit-based awards for women of the United States and Canada who are pursuing a doctoral level degree at an accredited college or university. In addition to recognizing and encouraging excellence in higher education, these awards provide partial support for study and research for women who will make significant contributions in their varied fields of endeavor. **Application Due Date: November 20, 2016.**

**Drug Abuse Dissertation Research (R36)** - The goal of this FOA is to enhance the diversity of the drug abuse research workforce by providing dissertation awards on topics related to the study of basic and clinical neuroscience, development, epidemiology, prevention, treatment, services, or women and sex/gender differences as they relate to drug abuse. This support will enhance the pool of highly talented drug abuse scientists who conduct research within the funding priority areas (<http://www.drugabuse.gov/funding/funding-priorities>) or in the NIDA strategic plan (<https://www.drugabuse.gov/about-nida/2016-2020-nida-strategic-plan>). Applications are encouraged from doctoral candidates in a variety of academic disciplines and programs. This program will ultimately facilitate the entry of promising new investigators into the field of drug abuse research and promote transdisciplinary collaborations. This award is for up to two years of support for the completion of the doctoral dissertation research project. **Application Due Date(s): Standard dates apply.**

**PCC Fellowship Program** - The Program supports qualified scientists at leading universities or non-profit scientific institutions who are interested in the field of anti-doping, are committed to meaningful research, and demonstrate potential for long-term contribution to the field of anti-doping science. The Fellow will receive a \$50,000 per year stipend in each of the first two years. The institutions in which the research will be conducted would be paid overhead in addition to the salary stipend. **Application Due Date(s): Pre-Application due by November 1, 2016. Full Applications due by December 1, 2016.**

**American Lung Association Lung Health Dissertation Grant** - The objective of this grant is to support pre-doctoral dissertation research in the various disciplines of social science examining risk factors affecting lung health including: Psychosocial research, Behavioral research, Health services and health policy research, Epidemiology / Biostatistics research, Public Health Education research. Awards are for \$21,000 per award year. Up to \$16,000 of the award may be used for a student stipend. Funds may not be used for tuition. The award will terminate at the time the awardee is granted a doctoral degree.

**Application Due Date: December 15, 2016.** <http://www.lung.org/assets/documents/research/lung-health-dissertation-grant.pdf>

**Robert Wood Johnson Foundation Health Policy Fellows** - This program provides the nation's most comprehensive learning experience at the nexus of health, science, and policy in Washington, D.C. It is an outstanding opportunity for exceptional midcareer health professionals and behavioral and social scientists with an interest in health and health care policy. Fellows participate in the policy process at the federal level and use that leadership experience to improve health, health care, and health policy.

**Application Due Date: November 15, 2016.** <http://www.rwjf.org/en/library/funding-opportunities/2016/robert-wood-johnson-foundation-health-policy-fellows.html>
