STUDENT RESEARCH OPPORTUNITIES AND FELLOWSHIPS

AACAP Jeanne Suprlock Research Fellowship in Substance Abuse and Addiction for Minority Medical Students - The fellowship is supported by the National Institute on Drug Abuse (NIDA). The fellowship offers a unique opportunity for minority medical students to explore a research career in substance abuse in relation to child and adolescent psychiatry, gain valuable work experience, and meet leaders in the child and adolescent psychiatry field. The fellowship is supported by the National Institute on Drug Abuse (NIDA). **Application Due Date(s): March 3, 2017.**

National Multiple Sclerosis Society (NMSS) Training Grants and Fellowships: Postdoctoral Fellowships

- The Society seeks to attract and train promising young investigators and doctors into the field of MS by supporting the training of postdoctoral fellows in studies related to MS in its efforts to end MS forever. The Society supports fundamental as well as applied studies, non-clinical or clinical in nature, including projects in patient management, care and rehabilitation. The Society offers postdoctoral fellowship grants to unusually promising recipients of M.D., Ph.D. or equivalent degrees when it appears that the program of training to be supported by the grant will enhance the likelihood that the trainee will perform meaningful and independent research relevant to MS in the future, and obtain a suitable position which will enable them to do so. **Application Due Date(s): Pre-Applications are Due on August 9, 2017. Full Applications are due August 16, 2017.**
