## STUDENT RESEARCH OPPORTUNITIES AND FELLOWSHIPS

**Small Awards in Behavioral Economics** - The Russell Sage Foundation offers small awards to support high quality research in behavioral economics and to encourage young investigators (Ph.D. students and recent graduates) to enter this developing field. There are no limitations on the disciplinary background of the principal investigator, and the proposed research may address any topic in behavioral economics. However, projects must contribute to the Foundation's mission to improve the social and living conditions in the U.S. Appropriate projects will demonstrate explicit use of psychological concepts in the motivation of the research design and the preparation of the results. Experimental projects which do not have substantial behavioral content (such as market experiments testing neoclassical ideas) or substantial economic content (such as psychology experiments with no economic choices or strategic or market implications) will not be funded. **Application Due Date: Applications are Accepted on a Rolling Basis.** <https://www.russellsage.org/how-to-apply/small-grants-behavioral-economics>

**Rotary Foundation UNESCO Scholarships** - The Rotary Foundation and UNESCO-IHE Institute for Water Education are offering up to 10 scholarships for graduate study at UNESCO-IHE's Delft campus in the Netherlands. The aim is to increase the number of trained professionals who can devise, plan, and implement water and sanitation solutions in developing areas. The scholarships also are designed to promote long-term relationships between Rotary members and skilled water and sanitation professionals. Scholars will receive a Master of Science degree in urban water and sanitation, water management, or water science and engineering. **Application Due Date: June 15, 2017.** <https://my.rotary.org/en/news-media/unesco-ihe-scholarship-applications-now-available>

**Environmental Leadership Program Chesapeake Regional Fellowship** - The Environmental Leadership Program supports emerging environmental and social change practitioners eager to connect their specialized work to larger environmental and social concerns. ELP looks for applicants that demonstrate: Passion and capacity to exercise leadership and respond to social and environmental challenges; Willingness to actively contribute to the program as well as take advantage of its benefits; Commitment to the values of diversity and justice within the environmental and social change fields; The ability and desire to remain an active member of the ELP Senior Fellows Network after the conclusion of the year-long Fellowship; Eagerness to connect with and learn from others. **Application Due Date: April 3, 2017.** <https://elpnet.org/chesapeake-regional-fellowship>
