

WEEKLY FUNDING AWARDS AND OPPORTUNITIES

August 30, 2017

Student Research Opportunities and Fellowships

Kiva Fellows Program - Kiva has a mission to connect people through lending to alleviate poverty, and Kiva fellows live and breathe that purpose every day. Since 2007, fellows have been Kiva's eyes and ears in the field, creating a crucial link between borrowers and lenders and working hands-on to grow Kiva's impact. The Fellowship Program provides several professional development workshops, and access to contacts within the Kiva network and beyond. **Application Due Date: October 29, 2017.** <https://www.kiva.org/work-with-us/fellows>

American Lung Association Lung Health Dissertation Grant (LH) - Research is crucial to a future where lung disease no longer threatens the health of our families and friends. To help Americans live longer, healthier lives, we must find better methods of detection, treatment and cures for all lung diseases. For over 100 years, The American Lung Association has supported research to achieve this goal and we continue to fund, develop, promote and advocate for research and programs that will result in lifechanging advances for people impacted by lung disease. The goal of the American Lung Association Awards and Grants Program is to fund researchers at important crossroads of their careers, gaining a long-term commitment to lung disease research. The objective of the Lung Health Research Dissertation Grant is to support pre-doctoral dissertation research in the various disciplines of social science examining risk factors affecting lung health including: Psychosocial research, Behavioral research, Health services and health policy research, Epidemiology / Biostatistics research, Public Health Education research. **Application Due Date: December 21, 2017.** <http://www.lung.org/our-initiatives/research/awards-and-grant-funding/opportunities.html>
