

## WEEKLY RESEARCH UPDATES AND OPPORTUNITIES

November 8, 2017

### **Student Research Opportunities and Fellowships**

#### **Student Paper Competition/Travel Award to Attend Joint Statistical Meetings -**

The Section on Bayesian Statistical Science (SBSS) of the American Statistical Association (ASA) is sponsoring a student paper competition for research on Bayesian methodology, which may be broadly construed and includes applied, computational, or theoretical work. This paper competition is for completed research. A manuscript suitable for journal submission is required to enter the competition. Winners of the SBSS student paper competition must submit abstracts and register for JSM. To receive the award, winners must register for the conference and present a talk under the auspices of the SBSS on the topic of their winning paper. **Application Due Date: December 15, 2017.** <http://community.amstat.org/sbss/awards>
